

Good practices in Sustainable Agriculture: the Riimenze Community in South Sudan

*“a true ecological approach
always becomes a social
approach; it must integrate
questions of justice in
debates on the environment,
so as to hear both the cry of
the earth and the cry of the
poor”
(Laudato SI’, 49)*

**Thursday 20 October 2022
From 2 to 4 pm Rome Time**

The Africa Working Group (AWG) of the JPIC invites you to a webinar on the Sustainable Agriculture Project in Riimenze (SAP-R), sponsored by *Solidarity with South Sudan*, an inter-congregational initiative of the UISG and USG, sets out primarily to secure livelihoods in a sustainable manner, by promoting the right balance between utilization of natural resources and respect for the environment. SAP-R provides opportunities for professionalization and income, especially for women, and enables participants to improve nutritional practices by making the best use of their farm and household resources.

If you have questions, please email missionpromoter@solidarityssudan.org
French translation is available, but must be requested no later than 6 October by emailing this address.

A zoom link for the webinar will be circulated in early October.

Please mark your calendars
now and join us for this
interesting webinar!
